

Graffiti Reporting

Graffiti is a form of vandalism. It's the unauthorized etching, painting or placing of a mark on public or private property.

When reporting an incident of graffiti, please provide as much information regarding the location as possible. Town staff or Orangeville Police will use the information reported to them to contact the appropriate property owner or agency. The faster graffiti is removed the less likely the site will be tagged again. With your help we can start to reduce this kind of vandalism in our community.

Contact Orangeville Police directly at 519-941-2522 if you witness an act of graffiti in progress as it is a crime in progress.
