DIY Duct Tape Sled

Here's what you'll need:

- a large piece of cardboard
- duct tape - how much you need depends on the size of the cardboard you are using
- scissors

First, cut a handle into your piece of cardboard. Next, start covering both sides of the cardboard in duct tape, ensuring that you wrap the edges of the cardboard in tape as well. Make sure each strip of tape overlaps the previous strip to make sure the cardboard is well protected from the snow it will soon be racing down.

You may need more than a few rolls!

Peeling, pulling, flattening and cutting the duct tape is a great way for kids to work on their fine motor skills. However, depending on the age of your child, you may need to help them with the tape so that it doesn't stick to itself!

Grab your warm gear and hit the hill! Be careful and courteous of other sledders. Have fun!

25 Winter Activities To Do Together!

1. Have a snowball fight.
2. Go sledding.
3. Go skating at an outdoor rink.
4. Build a snowman.
5. Spray paint snow with food colouring and water - simply mix it in a spray bottle. Try spray painting your snowman!
6. Make snow angels.
7. Build a snow fort.
8. Blow bubbles and watch them freeze.
9. Make animal snow sculptures and use twigs, berries, leaves or other nature bits to decorate.
10. Use muffin tins outside as snow molds.
11. Play a giant game of tic-tac-toe in the snow. Draw the board and use twigs and acorns as Xs and Os.
12. Play football or soccer in the snow.
13. Catch snowflakes on your tongue.
14. Measure fresh snowfall.
15. Have a winter picnic.
16. Make faces on tree trunks with snow.
17. Have a contest to see who can roll the biggest snowball.
18. Warm up around a winter campfire.
19. Go on a hike.
20. Shovel a neighbour's driveway or sidewalk.
21. Roll in the snow then hop in the hot tub!
22. Search for some fresh animal tracks.
23. Write your name in the snow, like you would on a beach.
24. Make a pyramid out of snowballs.
25. Make different tracks in the snow. For example, point your feet out and stagger them to create tractor tire marks.

DIY Snow Volcano

Materials

- 2 spoonfuls of baking soda
- 1 spoonful of dish soap
- A few drops of food colouring
- 2 tablespoons of vinegar
- Snow
- Small plastic cup or water bottle

Instructions

1. Take the small plastic cup or water bottle and place it on the ground.
2. Build up snow around the cup, keeping the opening of the cup free of snow. Pack the snow tightly.
3. Add all ingredients except vinegar to the cup.
4. Add the vinegar when you are ready for the eruptions.
5. Stand back and enjoy!

Family Day

DIY Frozen Sun Catchers

What you'll need:

- Container to freeze water in (aluminum pie plate, cake pan, etc.)
- Natural elements (twigs, leaves, berries, pine cones)
- Water
- Something to hang your sun catcher (twine, yarn, etc.)
- Drill (adult assistance required here!)
- Freezer space or freezing temperatures

Directions

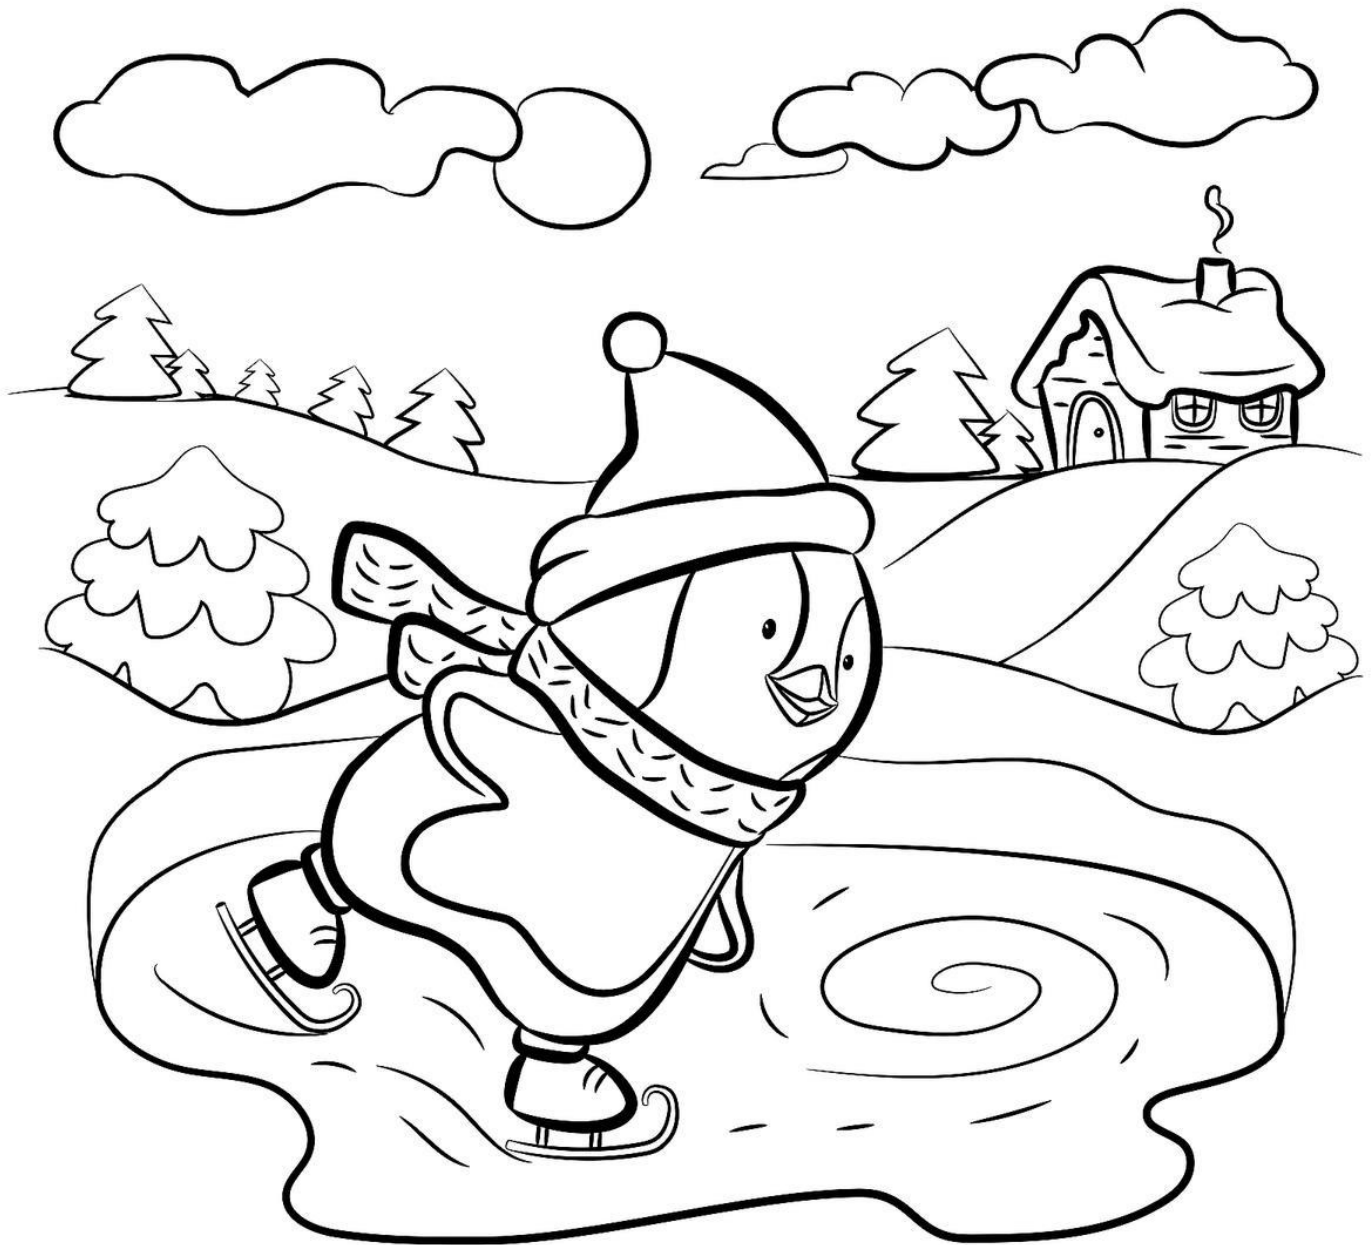

1. Hunt for some interesting nature treasures (twigs, leaves, berries, pine cones, etc.)
2. Arrange your treasures in the bottom of your container.
3. Pour water over everything and leave outside overnight, or pop it into the freezer if it's not cold enough.
4. Once the disk is frozen, pry your ice ornament out of the container.
5. Use your drill to make a hanging hole (not too close to the edge). Attach your twine, yarn etc. and hang your sun catcher in a spot where you can enjoy it sparkling in the sun!
