The Corporation of the Town of Orangeville invites applications for the position of

Manager, Environment Infrastructure Services Department

(Full-time position, 35 hours per week)

The Manager, Environment manages the environmental functions of the Infrastructure Services Department, serving as the Town's Risk Management Official under the Clean Water Act and directing the renewal and long-term planning for the Town's water and wastewater infrastructure, including but not necessarily limited to wells, the water distribution system, the sewage collection system, sewage pumping stations and the Water Pollution Control Plant. For the full job description, visit orangeville.ca/en/town-hall/job-opportunities.aspx.

Qualified candidates are invited to submit their resumes, in confidence, to Sarah Alexander, Human Resources Assistant, no later than 4 p.m. on Tuesday, October 27, 2020. Applications may be submitted online, or in person to the Town Hall located at 87 Broadway. If submitting a resume via email, please quote the job title in the subject line.

The Town of Orangeville is an equal opportunity employer. Accommodations are available for all parts of the recruitment process. Applicants need to make their needs known in advance. By submitting your personal information to the Town of Orangeville, you consent to the collection, use, and disclosure of that information in connection with our recruitment, hiring and/or employment processes. Personal information on this form is collected under the authority of the Municipal Act, 2001, S.O. 2001, c.25, as amended, and will be used to determine the qualifications for employment with the Town of Orangeville. Questions about this collection should be directed to the Manager, Human Resources at 87 Broadway, Orangeville, Ontario L9W 1K1.

Notice of Virtual Public Information Centre – Town of Orangeville New Municipal Water Supply Municipal Class Environmental Assessment Study

Study Overview

The Town of Orangeville (Town) has identified the need to increase the available water supply to accommodate anticipated growth, and to provide redundancy in the water supply network. The Town has initiated a Schedule B Municipal Class Environmental Assessment (EA) to determine a preferred solution to allow the Town to meet its future water supply capacity requirements.

The Process

The Municipal Class EA process will define the need for an additional water supply, assess the potential impacts of the preferred solution, and identify measures to lessen potential adverse impacts. The Class EA process will also provide members of the public and interested parties with opportunities to provide input at key stages of the study.

We want to hear from you

The Town is hosting a Virtual Public Information Centre (PIC) from October 26th to November 16th, 2020. The purpose of the PIC will be to present project information and gather feedback from the public.

Due to efforts to contain the spread of COVID-19, interested persons are invited to access presentation materials, ask questions, and provide comments online at: https://data.orangeville.ca/apps_public.html

Project information sheets and feedback forms for individuals with limited access to internet will also be available at Orangeville Town Hall (87 Broadway) from October 26th to November 16th, 2020.

Your participation and feedback is important. All comments and questions received from October 26th to November 16th, 2020 will be part of the final Class EA.

For more information or to be placed on our mailing list, please contact the Project Team at the contacts below.
